In 2011, Runtastic Events launched its first year of marathons, half marathons, 5k, & kids 1k races. Seven years later, it puts on 11 fun & scenic races throughout Utah & Texas. Each race attracts both local runners as well as race enthusiasts from all over the United States providing an opportunity to run a beautiful course & connect with like minded people & our partners/sponsors. Our runners come away with a unique finishers medal, free race photos, & the desire to sign up for our next race!

Runtastic also partners with a non profit organization for each race to raise money for & drive awareness about the mission of each charity & their needs. Runtastic looks for unique ways to exp& its races & reach within this active community while promoting each partner to this target audience.
